For MBA and Other Graduate and Professional Students

Intensive, experiential courses in business, public affairs, and public policy.
Washington, D.C.

Fantastic.
This is not an experience you can get anywhere else.
The Washington Campus is a non-profit, non-partisan, higher education consortium based in Washington, D.C. Students from consortium member schools (see reverse) can enroll in The Washington Campus’ certificate graduate courses throughout the year and receive academic credits from their home institutions. Students from accredited non-consortium schools also are welcome to participate, but should check with their home institutions before registering in order to receive academic credits.

By far one of the best experiences I’ve had throughout my MBA program.

This course should be required for all MBAs.

The Washington Campus open-enrollment courses are unique, intensive, residency experiences in Washington, D.C., for MBA and other types of graduate and professional students. Courses focus on how specific organizations and industries are affected by public policy; how public policy is made and influenced; and how public affairs and public policy can be strategically and ethically managed to create profitable and sustainable ‘win-win’ solutions for business, government, and society.

The Washington Campus courses are a uniquely valuable personal and professional development experience. Participants learn directly from those who actually make and shape public policy: corporate public affairs and government relations executives; leaders of associations, think tanks, and non-profit organizations; lobbyists; the media; current and former members of Congress and congressional staff; current and former leaders in the Executive Branch and from independent regulatory agencies; and much more.
